Apr 2028

Data Analytics Emphasis | Minor in Spanish | STEM-Designated Technical Program

Brigham Young University - Marriott School of Business, Provo, UT

- GPA 3.57
- Member, Association for Information Systems (AIS)
- Relevant Courses: Introduction to Python, Information Systems, Data Structures, Exploratory Data Analysis, Spreadsheet & Business Analysis, Accounting, Economics

TECHNICAL SKILLS AND APPLICATIONS

AI: Machine learning, prompt engineering, generative AI (ChatGPT, Gemini, Claude)

Development: Python, JavaScript, HTML/CSS, VBA

Data & Analytics: SQL, Tableau, Pandas, NumPy, Matplotlib, Advanced Excel

Version Control & Deployment: Git, GitHub, GitHub Pages

Business Applications: Microsoft Office, Handshake, Zoho

TECHNICAL PROJECTS

NBA Player Value Web App (2026)

- Built and deployed an interactive NBA analytics web app through GitHub using HTML, CSS, JavaScript, and Chart.js to evaluate player value with a custom Box Plus/Minus per \$1M salary metric
- Designed an original player valuation model, demonstrating full-stack development, data visualization, and quantitative analysis to translate salary and performance data into actionable player insights

Book of Mormon Text Analytics Project (2026)

- Analyzed 6,500+ verses from the Book of Mormon using Python, Pandas, NumPy, Matplotlib, and Tableau to evaluate word frequency, vocabulary richness, and TF-IDF patterns while developing interactive dashboards
- Leveraged NLP techniques and exploratory data analysis to identify distinct author voices by uncovering linguistic patterns across 6,500+ verses

EXPERIENCE

Client Success Specialist

Apr 2026 - Present

Marriott School of Business, BYU, Provo, UT

- Managed CRM records and employer communications across 15+ recruiting partners using Microsoft Office, improving scheduling accuracy and relationship tracking
- Coordinated scheduling and logistics for 15+ employers, facilitating on-campus recruiting opportunities for 100+ students daily
- Advised 15+ employer partners on event timing and logistics through client meetings, recommending scheduling strategies to maximize student engagement

Volunteer Representative & Office Secretary (Spanish Fluency)

May 2023 - May 2025

The Church of Jesus Christ of Latter-day Saints, Oaxaca, Mexico

- Coordinated travel logistics, records, immigration documents, and administrative operations supporting 200+ volunteer representatives across multiple areas, enabling smooth operation overall in the mission
- Created 4+ weekly leadership reports and presentations using Excel, PowerPoint, and Google Slides to support data-driven planning and organizational decision-making
- Communicated in Spanish with 45+ people daily while providing outreach and service across diverse communities, strengthening cross-cultural communication and relationship-building skills

Custodian

Aug 2025 - Apr 2026

Heritage Halls Building Care, BYU, Provo, UT

- Maintained cleanliness and safety standards for residential facilities serving 250+ students
- Ensured 100% compliance with BYU housing safety and sanitation protocols, consistently inspecting work areas

Food Service Associate

Apr 2022 - Aug 2022

Sourdough Bread Company, El Dorado Hills, CA

- Prepared 15–20+ custom sandwich orders per shift, balancing speed and accuracy to deliver high-quality meals

ACHIEVEMENTS

- Dean's List (Winter 2026) | Advanced Spanish Certificate | Eagle Scout
- Mathematics Tutor, Sacramento Area High School Program (2020-2021)
